TRENTON, NEW JERSEY 08625-0360

(609) 633-6552 / FAX: (609) 633-6814

TO: Researchers/Program managers with an interest in Risk/Health Communication

FROM: Ann Marie Hill
Executive Director
New Jersey Commission on Cancer Research

DATE: November 8, 2004

SUBJECT: RFA on Cancer Clusters and Risk Communication

I am pleased to announce that The Task Force on Cancer Clusters in New Jersey in collaboration with the New Jersey Commission on Cancer Research is reissuing the attached Request For Applications (RFA) entitled, “**Improving Risk Communication in Cancer Cluster Investigations.**” The application process has been simplified and expanded to include educational and research initiatives. This will allow us to support a wider range of proposals and make things easier. We encourage you to apply for this RFA.

Please complete the New Jersey Department of Health and Senior Services application for mini-grant award that can be found at the following URL <http://www.nj.gov/health/forms/fs-77.dot> (Instructions: <http://www.nj.gov/health/forms/fs-d4.dot>) and attach a 3-5 page research/program description that includes specific aims, methodology and outcomes/evaluation sections. We will be reviewing all applications using our standard scientific review process so keep this in mind as you develop your project.

Should you have any questions or require further information, please contact Shane Letizia at the New Jersey Commission on Cancer Research office, at 609 633-6552 or email shane.letizia@doh.state.nj.us.

Thank you for your time and consideration in this important endeavor.
